

Articulation SOAP Note

Subjective · Objective · Assessment · Plan – the defensible-note structure, ready to write on. Section guidance follows our SOAP note guide at soundsafari.app/blog/soap-notes-speech-therapy.

STUDENT (INITIALS)	DATE	SESSION LENGTH	TARGET SOUND, POSITION & LEVEL	GOAL REF
--------------------	------	----------------	--------------------------------	----------

S Subjective – engagement, affect, parent/teacher report ("arrived eager," "parent reports more home practice")

O Objective – the data that makes the note defensible: trials, accuracy, cue level, positions

Correct _____ of _____ trials = _____% accuracy · Cue level: _____ · Positions: _____

A Assessment – interpret the data, don't restate it: progress vs. goal/baseline, what changed and why

P Plan – next target and level, session frequency, home practice assigned
